USAT WEBINAR PRESENTER APPLICATION

Sample Audio Presentation Requirements:

To be considered for a USAT webinar presenter role, applicants must provide a one-minute or more audio presentation. The subject of the presentation may cover any topic (content is not important; this task will offer a sampling of applicant's delivery and tone) including but not limited to: sports education, latest news topics, weather, a "how-to", etc.

Previously used audio or video presentations for other organizations may also be submitted for consideration.

To submit a one-minute presentation, e-mail a .wav or .mp3 file to Julie Hill, USAT's Webinar Coordinator or dial 719-844-5600 and leave a message, stating your name and purpose of the call. Introduce your presentation topic and then proceed with one minute or more of presentation. After ending the call, your voicemail message will then convert to a .wav file and be filed as your audio presentation submission.

For all other inquiries, please contact Julie Hill, USAT's Webinar Coordinator at 719-884-5600.
