Elite License Eligibility Extension

ATHLETE NAME _____ EMAIL ADDRESS _____

In addition to renewing an elite license yearly, all elite athletes must extend their eligibility to compete as an elite athlete. Elite athlete must submit ONE race result in which the athlete finished within 8% of the winner's time at a USAT sanctioned event that offered a prize purse of $5,000 or greater. By submitting this result, the athlete then extends their eligibility expiration date for three years from December 31st of the year in which the race occurred. Example: Athlete X is approved for a first time elite license in March 2012 therefore they have an eligibility expiration date of December 31, 2015. That athlete then has all of 2013, 2014 and 2015 to submit ONE race result where he/she finished within 8% of the winner's time at an event offering $5,000 or more. If the race result is from 2013, their eligibility is extended until December 31, 2016. If the race result is from 2014, their eligibility is extended until December 31, 2017. The athlete still needs to renew his/her license each calendar year.

I am submitting the below result as proof of eligibility extension criteria met. I have included a copy of the result from the website as well.
